## PRIORITY EQUITY COMMUNITY MAP INSTRUCTIONS

1. **Access the map:** Go to SCAG's online Priority Equity Community boundary map online at https://hub.scag.ca.gov/datasets/daa7cbaf5b064399800f3426cbb64270_0/explore. (Desktop computer recommended).

2. **Find project location:**
   a. Use your mouse to hover over the map and scroll in/out to zoom in/out to the project location OR
   b. Click the magnifying glass at the top right corner of the map to search for your project area. Search for the smallest geography applicable.
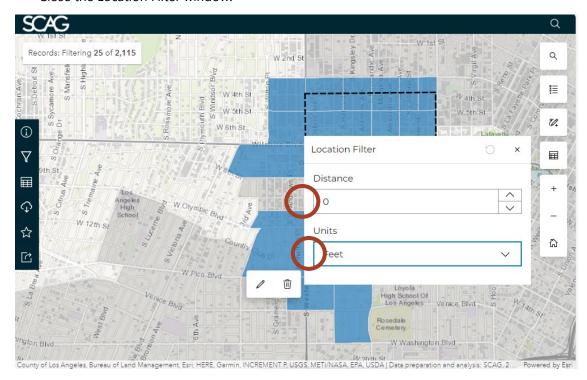

3. **Identify project area:** Click the Pencil tool at the right of the screen and select "Draw an area."

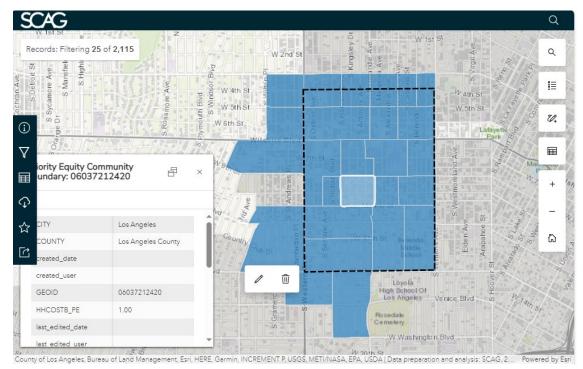

4. **Identify project area:** Use the "Draw an area" tool to select your project area. Once the selection is complete, double-click or press the "Enter" key on your keyboard. A pop-up menu will appear at the last point in your area. Select "Filter to this area."

5. **Identify project area:** A Location Filter window will appear. Set Distance at 0 and Units to Feet. Close the Location Filter window.

6. **Identify project area:** Click any of the Priority Equity Community tracts within the area you created. A box will appear with details about this tract. Take a screenshot of this map or save it as a PDF. This screenshot will serve as the attachment to your application.

7. **Identify project area:** If you need to redo your map, click the "Filter Data" button on the left of the screen. In the "Filters" pop-up window, click "Remove filter" under "Location filter applied."
