REPORT

CALL TO ORDER

The meeting was called to order by the Chair, Hon. Clint Lorimore, at 8:31 a.m. A quorum was confirmed and roll-call taken.

PUBLIC COMMENT PERIOD

There were no public comments presented.

REVIEW AND PRIORITIZE AGENDA ITEMS

There was no reprioritization of the Agenda.

CONSENT CALENDAR

- 1. Minutes of the November 20, 2018 Meeting
- 2. <u>2019 Legislative Calendars</u>

A MOTION was made (Finlay) to APPROVE the Consent Calendar(s).

The MOTION was SECONDED (Marquez) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Hagman, Lorimore, Marquez, Mulvihill, Saleh, Viegas-Walker, Wagner, Wapner (10).

NOES: None

ABSTAIN: None

ACTION ITEMS

3. SCAG Memberships and Sponsorships

Javiera Cartagena, Manager of Regional Services, presented three (3) memberships (Mileage Based User Fee Alliance, Mobility 21, and the Southern California Leadership Council and the Center for Economic Development) and one sponsorship (California Transportation Congressional Reception) to the Committee.

A MOTION was made (Mulvihill) to APPROVE the SCAG membership dues for the Mileage Based User fee Alliance (\$5,000), Mobility 21 (\$25,000), the Southern California Leadership Council (SCLC) and the Center for Economic Development (\$20,000) and sponsorship(s) for the California Transportation Congressional Reception (\$30,000).

The MOTION was SECONDED (Wagner) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Lorimore, Manos, Marquez, Mitchell, Mulvihill, Viegas-Walker, Wagner, Wapner (10).

NOES: None

ABSTAIN: Hagman, Ramirez (2).

4. 2019 State and Federal Legislative Principles and Priorities

Kevin Gilhooley, Legislation Manager, provided the Committee with an update on the 2019 State and Federal Legislative Priorities, noting that feedback from the November 20, 2018 Committee meeting had now been incorporated. Mr. Gilhooley also noted that the State and Federal Legislative Priorities document would be renamed as the "State and Federal Legislative Principles" given the size and scope of the document. Three issue areas of high priority, identified as: 1) CEQA Modernization, 2) Redevelopment, and 3) Regional Housing Needs Assessment, would make up a second document titled "legislative priorities." Mr. Gilhooley stated that the State and Federal Legislative Principles would guide the legislation that staff monitors and brings to the Committee for advocacy and engagement, while the legislative priorities would be the specific issue areas covered during SCAG's annual Legislative Advocacy Trip to Sacramento.

Hon. Wapner inquired whether staff had met with the staff of other councils of governments (COG) to ensure the share of ideas. Mr. Gilhooley noted that staff had met with numerous stakeholders, including all of the county transportation commissions in Southern California and various legislative staffers from Sacramento.

A MOTION was made (Finlay) to APPROVE the 2019 State and Federal Legislative Principles and Priorities draft. The MOTION was SECONDED (Mitchell) and APPROVED by majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Hagman, Lorimore, Manos, Marquez, Mitchell, Mulvihill, Ramirez, Saleh, Viegas-Walker, Wagner, Wapner (13).

NOES: None

ABSTAIN: None

INFORMATION ITEMS

5. <u>Washington D.C. Update</u>

Leslie Wollack and Erich Zimmerman of the National Association of Regional Councils (NARC) provided the Committee with an update on changes occurring with the new Congress entering in January 2019.

Mr. Zimmerman expressed hope for a bipartisan infrastructure package under this new Congress, noting that such a package would likely go beyond surface transportation by also covering water infrastructure, broadband, and school construction. Mr. Zimmerman also noted that this type of package would need leadership from the White House as a funding source has not been identified.

Hon. Ramirez inquired about looming federal deficit issues and whether it would impact transportation and infrastructure. Mr. Zimmerman responded by stating the federal deficit is a concern for future transportation bills involving reauthorization and stated that future funding levels may be lower.

Hon. Manos inquired about Community Development Block Grant (CDBG) funding. Ms. Wollack noted that CDBG funding is always a point of concern for NARC and its members. She also noted that local officials have been key in keeping the program funded despite repeated attempts to cut the program.

6. <u>Sacramento Update</u>

Melvin Sanchez, Legislative Aide, provided the committee with a report of emerging news from Sacramento. Mr. Sanchez noted that as of December 14, 2018, 205 bills had been introduced in the Legislative Session, 150 bills in the Assembly and 55 bills in the Senate. Mr. Sanchez concluded his report by providing the committee with information on a proposed initiative currently gathering signatures for inclusion on the 2020 ballot. The initiative would terminate funding for California's high-speed rail project.

7. Ninth Annual Southern California Economic Summit – Post-Event Recap

Houston Laney and Margaret De Larios, Public Affairs Specialist(s), provided the Committee with an overview of the Ninth Annual Southern California Economic Summit event. Both Mr. Laney and Ms. De Larios presented post-event survey result from attendees and communications strategies leading up to the event.

8. Policy and Public Affairs Division Update

Art Yoon, Director of Policy and Public Affairs, provided the committee with an update on SCAG's three (3) main priorities for the next couple of months, which include: 1) planning and programming for the General Assembly, 2) full staffing of the Regional Services offices, and 3) legislative trips to Sacramento and Washington D.C.

FUTURE AGENDA ITEMS

There were no future agenda items suggested on behalf of the Committee, but Hon. Viegas-Walker inquired about future dates for trips to Sacramento and Washington D.C. Mr. Yoon stated that staff was currently working on the dates and would share them with the Committee once the dates were confirmed.

ANNOUNCEMENTS

There were no announcements presented.

ADJOURNMENT

Chair Lorimore adjourned the meeting at 09:28 a.m. The next regular meeting of the Legislative/Communications and Membership Committee is scheduled for 8:30 a.m. – 10:00 a.m. on Tuesday, January 15, 2019 at SCAG's offices at 900 Wilshire Blvd., Ste. 1700, Los Angeles, CA 90017.

RECOMMENDED ACTION:

Receive and File

EXECUTIVE SUMMARY:

The Legislative Tracking Report is provided to keep the Legislative/Communications and Membership Committee (LCMC) apprised of any developments related to bills in Sacramento that have a nexus to the Regional Council's positions on policies and legislative initiatives related to SCAG's core planning and policy areas. Staff will update the report constantly with emerging legislation and welcomes the Committee's input on bills it would like to follow.

STRATEGIC PLAN:

This item supports SCAG's Strategic Plan, Goal 2: Advance Southern California's policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

BACKGROUND:

SCAG's Legislative Tracking Report serves as a resource for the LCMC to remain up-to-date on bills moving through the legislative process in Sacramento. Bills included in the tracking report have a nexus to the Regional Council's positions on policies and legislative initiatives related to SCAG's core planning and policy areas. Staff welcomes the Committee's input on bills it would like to follow throughout the legislative session.

Summary:

Current law requires certain transportation planning agencies to prepare and adopt a regional transportation plan directed at achieving a coordinated and balanced regional transportation system. Current law requires the regional transportation plan to include, if the transportation planning agency is also a metropolitan planning organization, a sustainable communities strategy. This bill would require each sustainable communities strategy to identify areas within the region sufficient to house an 8-year projection of the emergency shelter needs for the region, as specified.

Subject: SCAG Memberships and Sponsorships

RECOMMENDED ACTION:

Approve

EXECUTIVE SUMMARY:

The Legislative/Communications and Membership Committee (LCMC) is asked to approve up to \$5,000 in memberships for the: 1) California Contract Cities Association.

STRATEGIC PLAN:

This item supports SCAG's Strategic Plan, Goal 2: Advance Southern California's policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

BACKGROUND:

Item 1:California Contract Cities AssociationType:MembershipAmount: \$5,000

California Contract Cities Association (CCCA) is a network of member cities united for a common cause. The goal of CCCA is to serve as an advocate for cities contracting for municipal services and to ensure they receive these services at a minimum cost. Through educational seminars, networking opportunities, and partnerships with numerous public, private, and not for profit organizations, the association provides meaningful resources to influence policy decisions affecting member cities. The Association is composed of 70 member cities and represents nearly seven million residents from across California.

SCAG staff is recommending that the agency maintain membership at the "Silver" level, which will provide SCAG with the following:

- An opportunity to attend monthly CCCA Board of Directors Meetings (meal cost included for one (1) company representative);
- Link to SCAG website in Associate Members Directory on CCCA website;
- Sponsor recognition (including signage) at educational seminars;
- Access to CCCA membership roster and conference registration lists;
- One (1) registration at the Annual Municipal Seminar;
- Participation on the Associate Members Program Steering Committee; and
- Access to select CCCA City Managers/Administration Committee meetings.

FISCAL IMPACT:

\$5,000 for memberships/sponsorships is included in the approved FY 18-19 General Fund budget.

 Subject: SCAG Policy for Consultation with Federally Recognized Indian Tribal Governments and Federal Land Management Agencies

RECOMMENDED ACTION:

Support and recommend approval by the Regional Council

EXECUTIVE SUMMARY:

Consultation is an important component of SCAG's regional planning process. Federal and state law requires SCAG to consult with federally recognized Indian Tribal Governments and to appropriately involve Federal Land Management Agencies in its planning, programming and policy making processes, especially in relation to the development of the Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS) and the Federal Transportation Improvement Program (FTIP). The attached document outlines the policy for consultation by SCAG with the tribes and the federal resource agencies. Staff seeks the LCMC's review of the policy and to recommend approval by the Regional Council.

STRATEGIC PLAN:

This item supports SCAG's Strategic Plan, Goal 2: Advance Southern California's policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

BACKGROUND:

SCAG has long viewed consultation with our partners and stakeholders as critical to SCAG's regional planning work. This includes consultation with the sixteen (16) federally recognized Tribal Governments in the SCAG region and the various Federal Land Management Agencies. Specifically with respect to the Tribal Governments, consultation begins with SCAG recognizing tribal government sovereignty. In 2006, the SCAG Bylaws was amended to provide for tribal representation on SCAG's Regional Council and Policy Committees as voting members and resolutions were adopted affirming SCAG's recognition of the tribes as sovereign nations and their official participation role in SCAG's planning activities.

Based on past practice, the attached document outlines the policy for consultation by SCAG with the tribes and the federal resource agencies as it relates to development of the RTP/SCS, the FTIP and the Program Environmental Impact Report (PEIR) for the RTP/SCS. This policy for consultation involves the following:

• Provide regular updates on the development of the planning documents especially the RTP/SCS to the SCAG Regional Council and Policy Committees, with information made publicly available on SCAG's website.

- Initiate consultation by letter from the SCAG Executive Director or his/her designee to the federal land management agency (agency) or tribal chairperson/tribal administrator.
- Offer to meet to discuss the agency and tribal needs and concerns regarding impact with their jurisdiction prior to the beginning of preparation of the planning documents. If the agency, tribal chairperson/tribal administrator or their representatives elect not to meet, send a copy of the draft documents for their review.
- Invite representatives of the agency and tribal government to attend public meetings and workshops.
- Consult with agency and tribal governments while developing the RTP/SCS, addressing any agency and tribal concerns regarding impacts within their jurisdiction, and again prior to adoption of the RTP/SCS.

The document also provides information on past consultation efforts by SCAG and how the agency is currently engaged in consultation with respect to the development of Connect SoCal, the 2020 RTP/SCS. SCAG has initiated consultation by letter with tribal parties with respect to the PEIR for Connect SoCal to elicit input on how the plan may affect tribal cultural resources and to explore opportunities to avoid or mitigate significant adverse impacts.

Staff seeks the LCMC's review of the policy and to recommend approval by the Regional Council. It should also be noted that the document has been reviewed by Jacob Mejia, Executive Director of the Tribal Alliance of Sovereign Indian Nations (TASIN).

Requirement to Consult	2
Federally Recognized Tribes in the SCAG Region	4
Consultation	5

Introduction

The United States Department of Transportation defines consultation as: "when one or more parties confer with other identified parties in accordance with an established process and, prior to taking action(s), considers the views of the other parties and periodically informs them about action(s) taken." The Southern California Association of Governments (SCAG) recognizes the importance of consultation, noting in its recently adopted Public Participation Plan that "meaningful public participation is a cornerstone of regional planning and one of SCAG's key priorities. In all outreach work, the agency holds itself to high standards according to SCAG's core values of transparency, leading by example and creating positive impacts in the region."

SCAG's goal is to maximize opportunities for federally recognized Tribal Governments and federal land management agencies to engage in SCAG's planning, programming and policy making processes, especially in relation to the development of its Regional Transportation Plan/ Sustainable Communities Strategy (RTP/SCS) and the Federal Transportation Improvement Program (FTIP or TIP).

SCAG views such government to government consultation to be a proactive, meaningful and timely process of seeking, discussing, and considering carefully the views of others, in a manner that is cognizant of all parties' cultural values, and where feasible, seeking agreement. Specifically with respect to Tribal Governments, consultation begins with SCAG recognizing tribal government sovereignty. SCAG views tribal consultation as a dynamic process defined together by both SCAG and each Tribal Government separately, wholly, or in groups of Tribal Governments.

Background

Founded in 1965, SCAG is a Joint Powers Authority under California state law, established as an association of local governments and agencies that voluntarily convene as a forum to address regional issues. Under federal law, SCAG is designated as a Metropolitan Planning Organization (MPO) and under state law as a Multi-County Regional Transportation Planning Agency and a Council of Governments.

The SCAG region encompasses six counties (Imperial, Los Angeles, Orange, Riverside, San Bernardino and Ventura) and 191 cities in an area covering more than 38,000 square miles. SCAG develops long-range regional transportation plans including a sustainable community strategy and growth forecast components, federal transportation improvement programs, regional housing needs allocations and a portion of the South Coast Air Quality management plans.

In 1992, SCAG expanded its governing body, the Executive Committee, to a 70-member Regional Council to help accommodate new responsibilities mandated by the federal and state

governments, as well as to provide more broad-based representation of Southern California's cities and counties. With its expanded membership structure, SCAG created regional council districts to provide for more diverse representation. The regional council districts were formed with the intent to serve equal populations and communities of interest. Currently, the Regional Council consists of 87 members.

In addition to the six counties and 191 cities that make up SCAG's region, there are six County Transportation Commissions that hold the primary responsibility for programming and implementing transportation projects, programs and services in their respective counties. The region also includes sixteen federally-recognized tribal governments. SCAG Bylaws provide for representation of Native American tribes, Air Districts, the Transportation Corridor Agency, and a Public Transportation Representative as voting members on the Regional Council and Policy Committees.

In 1999, SCAG attended a Transportation Summit with Tribal Governments organized by the California Transportation Commission and hosted by the Morongo Band of Mission Indians that initiated a discussion at SCAG regarding our relationship with Tribal Governments. Thereafter, in 2002, SCAG adopted a Strategic Plan that included a goal calling for establishing a role for Native Americans in the regional transportation planning process. SCAG's main governing board, the SCAG Regional Council, created a Tribal Government Relations Task Force to implement the strategic plan goal.

After many Tribal Summits, the SCAG General Assembly in 2006 adopted bylaw provisions providing Tribal Governments with voting seat on SCAG's Regional Council, Executive/ Administration Committee; major standing policy committee and two voting seats on each of SCAG's three major standing committees: the Transportation Committee (then the Transportation and Communications Committee), the Community Economic and Human Development Committee and the Energy and Environment Committee. As a result implementing the 2002 Strategic Plan Goal, the SCAG is the largest MPO to include elected Tribal Government representatives to serve as voting members of SCAG's Regional Council and Policy Committees. Tribal Governments have long been advisory non-voting members of SCAG's General Assembly and in 2017, an amendment to SCAG's Bylaws was adopted to provide for voting advisory membership in the SCAG General Assembly by all sixteen federally recognized Tribal Governments in the SCAG six-county region.

Requirement to Consult

Pursuant to federal and state law, SCAG is required to consult federally-recognized Native American Tribal governments, and must appropriately involve federal land management agencies in the development of its RTP/SCS and FTIP.

Generally, under federal planning law, Tribal government concerns should be considered in developing planning documents pursuant to U.S. Code Title 23, Section 135, paragraphs e and f. Specifically, the applicable provisions concerning such process is set forth in U.S. Department of

Transportation (DOT) joint Federal Highway Administration (FHWA) and Federal Transit Agency (FTA) planning regulations, 23 CFR Section 450.316, which provides as follows:

(c) When the MPO includes Indian Tribal lands, the MPO shall appropriately involve the Indian Tribal government(s) in the development of the metropolitan transportation plan and the TIP.

(e) MPOs shall, to the extent practicable, develop a documented process(es) that outlines roles, responsibilities, and key decision points for consulting with Indian Tribal governments and agencies, ...which may be included in the agreement(s) developed under §450.314.

SCAG's consultation requirements under federal planning regulations are set forth under 23 C.F.R. Section 450.316(b)-(e) as follows (emphasis added):

(b) In developing metropolitan transportation plans and TIPs, the MPO should consult with agencies and officials responsible for other planning activities within the MPA that are affected by transportation (including State and local planned growth, economic development, environmental protection, airport operations, or freight movements) or coordinate its planning process (to the maximum extent practicable) with such planning activities.

In addition, metropolitan transportation plans and TIPs shall be developed with due consideration of other related planning activities within the metropolitan area, and the process shall provide for the design and delivery of transportation services within the areas that are provided by:

(1) Recipients of assistance under title 49 U.S.C. Chapter 53;

(2) Governmental agencies and non-profit organizations (including representatives of the agencies and organizations) that receive Federal assistance from a source other than the U.S. Department of Transportation to provide non-emergency transportation services; and

(3) Recipients of assistance under 23 U.S.C. 204.

(c) When the MPA includes Indian Tribal lands, the MPO shall appropriately involve Indian Tribal government(s) in the development of the metropolitan transportation plan and the TIP.

(d) When the MPA includes Federal public lands, the MPO shall appropriately involve the Federal land management agencies in the development of the metropolitan transportation plan and TIP.

(e) MPOs shall, to the extent practicable, develop a documented process(es) that outlines roles, responsibilities, and key decision points for consulting with other governments and agencies, as defined in paragraphs (b), (c), and (d) of this section, which may be included in the agreement(s) developed under Section 450.314 [metropolitan planning agreements].

At the State level, SCAG must consult, as appropriate, with State and local agencies responsible for land use management, natural resources, environmental protection, conservation, and

historic preservation concerning the development of the RTP. The consultation shall involve, as appropriate:

1. Comparison of transportation plans with State conservation plans or maps, if available; or

2. Comparison of transportation plans to inventories of natural or historic resources, if available. See 23 U.S.C Section 134(i)(5).

Finally, Assembly Bill 52 (Gatto, Chapter 532, Statutes of 2014) (AB 52), which became effective July 1, 2015 requires that state and local agencies analyze the impacts to Native American cultural resources under the California Environmental Quality Act (CEQA). The law introduced new state requirements for consultation with Native American tribal governments. As such, lead agencies under CEQA must work with tribal governments to avoid or mitigate the impacts to cultural resources.

Federally Recognized Tribes in the SCAG Region

There are sixteen federally recognized Tribal Governments in the SCAG region as listed below. In 2005, SCAG's Regional Council adopted a resolution for each of the sixteen federally recognized Tribal Governments affirming SCAG's recognition of each as a sovereign nation and establishing an official participation role by these Tribal Governments in SCAG's planning activities.

- 1. Augustine Band of Mission Indians (SCAG Resolution # 05-464-14)
- 2. Agua Caliente Band of Cahuilla Indians (SCAG Resolution # 05-464-15)
- 3. Cabazon Band of Mission Indians (SCAG Resolution # 05-464-13)
- 4. Cahuilla Band of Mission Indians (SCAG Resolution # 05-464-12)
- 5. Chemehuevi Reservation (SCAG Resolution # 05-464-4)
- 6. Colorado River Tribal Council (SCAG Resolution # 05-464-11)
- 7. Fort Mojave Indian Tribe (SCAG Resolution # 05-464-3)
- 8. Morongo Band of Mission Indians (SCAG Resolution # 05-464-10)
- 9. Pechanga Band of Luiseño Mission Indians (SCAG Resolution # 05-464-1)
- 10. Quechan Indian Tribe (SCAG Resolution # 05-464-16)
- 11. Ramona Band of Cahuilla Indians (SCAG Resolution # 05-464-8)
- 12. San Manuel Band of Mission Indians (SCAG Resolution # 05-464-2)
- 13. Santa Rosa Band of Mission Indians (SCAG Resolution # 05-464-7)
- 14. Soboba Band of Luiseño Indians (SCAG Resolution # 05-464-6)
- 15. Torres-Martinez Desert Cahuilla Indians (SCAG Resolution # 05-464-5)
- 16. Twenty-Nine Palms Band of Mission Indians (SCAG Resolution # 05-464-9)

The participation of Tribal Governments is essential to plan for future growth in Southern California and to prepare for transportation improvement needs on sovereign tribal property. According to the 2010 Census, the population living on tribal lands is 37,780, representing an approximately 11% growth from the 2000 Census. The population living on tribal lands in the SCAG region is concentrated in Riverside County, especially in the Coachella Valley.

SCAG has prepared a fact sheet that provides an inventory of Federally-recognized Indian Tribal Land and Reservations in the SCAG region, a copy of which is attached herein. It graphically presents the name, location and distribution of tribal lands and reservations, with their population and household, across Southern California.

Consultation

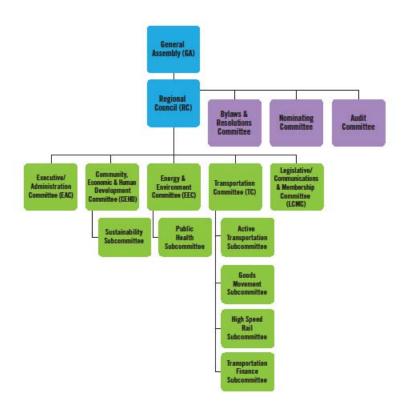

Under the direction of the Regional Council, the Executive Director or designee is the designated SCAG official with primary responsibility for SCAG's implementation of consultation requirements. At the appropriate time in the planning phase, contact shall be initiated directly with the respective tribal chairpersons and tribal administrators as well as the representatives from the Federal Land Management Agencies to inquire as to protocols in place, such as cultural resource contacts, procedures, time limits and restrictions affecting communication. Development of mutually agreed-upon protocols may result in more effective consultation efforts with individual tribes and Federal Land Management Agencies. It is also understood that Tribal Governments and federal resource agencies may unilaterally engage SCAG of their own initiative for further consultation with SCAG.

SCAG recognizes that consultation is a process, not a single event, and communication should continue until the project or plan is complete. Consultation requests should include a clear statement of purpose, explaining the reason for the request and declaring the importance of participation in the planning process. The request should specify the location of the area of potential effect addressed in the proposal. All aspects of the consultation process should be documented, including how the lead agency reaches a final decision.

In general, SCAG's consultation activities are accomplished primarily through sharing information and gathering input from its General Assembly, Regional Council, Policy Committees, other committees, subcommittees, task forces, and working groups, public outreach activities, environmental justice activities and special direct outreach to Tribal Governments via workshops organized in cooperation with Tribal Governments. SCAG's Regional Council and Policy committees are made up of local elected officials who include elected Tribal Government Councilmembers. There may also be several issue-specific as well as mode-specific committees, subcommittees, task forces and working groups that are created for a specific purpose and specific timeframe. All of these groups provide input to SCAG's Policy Committees and/or Regional Council.

The SCAG organizational chart below illustrates the committees and subcommittees that make policy recommendations to the SCAG Regional Council and to the SCAG General Assembly. The SCAG General Assembly is comprised of SCAG member cities, counties and county transportation commissions, plus advisory seats from the tribal governments.

REGIONAL COUNCIL COMMITTEES & SUBCOMMITTEES

Since 2006, SCAG has ensured that the Native American perspective is represented at the policy decision-making level, by providing seven (7) voting seats to tribal government representatives on the Regional Council and Policy Committees. The 16 federally recognized tribes within the SCAG region choose these seven representatives. In addition to board and committee

representation, SCAG staff attends and monitors meetings of the Tribal Governments and regularly reaches out to tribal governments and federal land management agencies during the RTP/SCS development process, notifying them of workshops, public hearings and other major meetings.

With respect to the 2016 RTP/SCS, SCAG held two Tribal Consultation Workshops in October 2015. The workshops, held in downtown Los Angeles (and simultaneously video-conferenced to five SCAG Regional Offices in Imperial, Orange, Riverside, San Bernardino and Ventura Counties) and at the Coachella Valley Association of Governments, provided an overview of the 2016 RTP/SCS and its Program Environmental Impact Report (PEIR). The workshops sought input on the priorities of tribes in the region and on tribal cultural resources as they pertain to the PEIR; input on potential impacts from transportation projects; and feasible measures for preservation/mitigation. Approximately 16 tribal council members, tribal representatives and cultural resource specialists participated in the workshops.

Similarly, regarding development of the 2016 RTP/SCS, SCAG outreached to various agencies within the U.S. Department of the Interior and the U.S. Department of Agriculture, including the Bureau of Land Management, the National Park Service, U.S. Fish and Wildlife, the U.S Geological Services and the Forest Service. SCAG has communicated regularly with biologists at the U.S. Fish and Wildlife Carlsbad office (which covers parts of Los Angeles, Orange, San Bernardino and Riverside counties). Staff from the U.S. Fish and Wildlife Carlsbad Office in SCAG's conservation working group that provides input towards the SCAG RTP/SCS and FTIP, and shared data with SCAG.

SCAG is currently developing its "Connect SoCal," the 2020 RTP/SCS. Connect SoCal will outline the region's goals and policies for meeting current and future mobility needs that provide a foundation for transportation decisions by local, regional and state officials that are ultimately aimed at achieving a coordinated and balanced transportation system. It will also identify the region's transportation needs and issues, recommended actions, programs, and a list of projects to address the needs consistent with adopted regional policies and goals, and document the financial resources needed for implementation. It is important to note that SCAG does not implement individual projects in the RTP/SCS, as they are implemented by local and state jurisdictions and other agencies such as the county transportation commissions who have their own consultation processes with tribes and federal resource agencies. In accordance with AB 52, SCAG has initiated consultation by letter with tribal parties with respect to the PEIR for Connect SoCal to illicit input on how the plan may affect tribal cultural resources and to explore opportunities to avoid or mitigate significant adverse effects. Consultation efforts are on-going.

SCAG Planning Documents

The Southern California Association of Governments prepares a number of planning documents where SCAG has invited federally recognized and non-federally recognized Tribal Governments as well as federal land management agencies to provide input. These include:

- The Regional Transportation Plan and Sustainable Community Strategy (RTP/SCS)
- The Program Environmental Impact Report (PEIR) for the RTP/SCS
- The Federal Transportation Improvement Program (FTIP)

Presented below is a brief description of SCAG's consultation process with respect to these planning documents.

<u>RTP/SCS, PEIR and FTIP</u>

- Provide regular updates on the development of the planning documents especially the RTP/SCS to the SCAG Regional Council and Policy Committees, with information made publicly available on SCAG's website
- Initiate consultation by letter from the SCAG Executive Director or his/her designee to the federal land management agency (agency) or tribal chairperson/tribal administrator.
- Offer to meet to discuss the agency and tribal needs and concerns regarding impact with their jurisdiction prior to the beginning of preparation of the planning documents. If the agency, tribal chairperson/tribal administrator or their representatives elect not to meet, send a copy of the draft documents for their review.
- Invite representatives of the agency and tribal government to attend public meetings and workshops.
- Consult with agency and tribal governments while developing the RTP/SCS, addressing any agency and tribal concerns regarding impacts within their jurisdiction, and again prior to adoption of the RTP/SCS.

Non-Federally Recognized Tribes

There are several non-federally recognized tribes in the SCAG Region, and it is unknown if they are active in transportation issues. Federal law generally does not require consultation on projects with non-federally recognized Tribes. However, California law pursuant to AB 52 requires consultation on Tribal Cultural Resources under CEQA. In addition, non-federally recognized Tribes are generally considered a minority group, and federal executive orders require consultation with minority or disadvantaged groups. In particular, Presidential Executive Order 12898 about Environmental Justice places special emphasis on coordination with these groups. SCAG has procedures for coordination with minority and disadvantaged groups in its Public Participation Plan. See http://www.scag.ca.gov/participate/Pages/PublicParticipationPlan.aspx.

www.scag.ca.gov June 2011 **Tribal Reservations in the SCAG Region**

This profile provides an inventory of Federally-recognized Indian Tribal Land and Reservations in the Southern California Association of Governments (SCAG) six-county region encompassing: Imperial, Los Angeles, Orange, Riverside, San Bernardino and Ventura counties. It also presents the name, location and distribution of tribal lands and reservations, with their population and household, across Southern California.

OVERVIEW

One of the strategic goals of SCAG includes establishing a role for Native Americans in the regional planning and transportation investment process. A special effort is being made to establish a common growth vision through the Compass planning initiative to guide future growth in a way that respects our Indian reservations, sacred tribal lands and future community development needs.

The participation of people living on tribal lands is essential to plan for future growth in Southern California and to prepare for transportation improvement needs on sovereign tribal property. It is expected that increased off-Reservation development in adjacent county and municipal properties will bring more people to the reservations. According to the 2010 Census, the population living on tribal lands is 37,780, representing an approximately 11% growth from the 2000 Census. The population living on tribal lands in the SCAG region is highly concentrated in Riverside County, especially in the Coachella Valley.

Those living on tribal reservations are traditionally under-represented populations with many special socioeconomic needs. The median income of people living on tribal land lags behind that of residents of the county as a whole. They are also a group with an increasing economic strength that is significant beyond their numbers. Indian casinos and gaming on tribal land became a major political issue in California during the last decade. The Indian gaming industry has seen significant growth and expansion and is a billion-dollar industry that became a driving force for economic growth on reservations and tribal lands, especially in inland valleys, desert areas and nearby communities.

SCAG's Strategic Plan efforts resulted in revising the agency By-laws to provide seven voting seats on the Regional Council and Policy Committees to Tribal Governments. The Tribal Government Regional Planning Board comprised of the 16 Federally-recognized Tribal Governments meets to select Tribal Council members to fill the seven voting policy committee seats – one seat on the Regional Council; six seats on the Policy Committees. One of the desired outcomes of elected Tribal Council members participating in the regional planning and policy process is to further promote government-to-government collaboration and environmental justice outreach to Native Americans.

TRIBAL RESERVATIONS IN THE SIX-COUNTY REGION

The following lists Federally-recognized Tribal Reservations in Imperial, Riverside, and San Bernardino Counties:

EXECUTIVE SUMMARY:

The 116th Congress was officially gaveled in on January 3, 2019 with Democrats taking control of the House of Representatives for the first time in eight years. With Democrats' newfound control and the Republicans' minority status, both caucuses saw a change in their respective leadership teams. In the Senate, where Republicans expanded their majority and Democrat ranks decreased, the leadership teams remain largely the same.

Since midnight December 21, 2018, discretionary spending authority for Agriculture; Commerce, Justice, Science; Financial Services & General Government; Homeland Security; Interior, Environment; State, Foreign Operations; and Transportation, HUD has expired resulting in a partial government shutdown. While negotiations on a spending plan are ongoing, there is no immediate end in sight. Spending authority for Energy & Water; Legislative Branch; Military Construction & Veterans Affairs; and Defense and Labor-Health & Human Services-Education, were passed prior to the end of the 2017-18 fiscal year and are not subject to the government shutdown.

STRATEGIC PLAN:

This item supports SCAG's Strategic Plan, Goal 2: Advance Southern California's policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

BACKGROUND:

Congressional Leadership:

The 116th Congress officially gaveled in on Thursday, January 3, 2019 with Democrats taking control of the House of Representatives for the first time in eight years. With Democrats' newfound control and the Republicans' minority status, both caucuses saw a change in their respective leadership teams.

California Democrat Nancy Pelosi was elected Speaker of the House. Though the entire House of Representatives votes for the Speaker, it is customary that only members of the majority party vote for the Speaker. Of the 435 members of the House of Representatives, Pelosi received 220 votes. 15 Democrats supported other people or voted "present."

The Democrat and Republican caucuses approved the following two slates for their respective leadership teams.

House Democratic Leadership	House Republican Leadership
Rep. Steny Hoyer, Majority Leader	Rep. Kevin McCarthy, Republican Leader
Rep. James Clyburn, Majority Whip	Rep. Steve Scalise, Republican Whip
Rep. Ben Ray Luján, Assistant Speaker	Rep. Liz Cheney, Republican Conference Chairman
Rep. Hakeem Jeffries, Democratic Caucus	Rep. Gary Palmer, Policy Committee Chairman
Chairman	

In the Senate, where Republicans expanded their majority and Democrat ranks decreased, the leadership teams remain largely the same.

Vice President Mike Pence remains President of the Senate and Senator Chuck Grassley remains President Pro Tempore.

The Republican and Democrat caucuses voted for the following two slates for their respective leadership teams.

Senate Republican Leadership	Senate Democrat Leadership
Sen. Mitch McConnell, Republican Leader	Sen. Charles Schumer, Democratic Leader
Sen. John Thune, Assistant Republican Leader	Sen. Dick Durbin, Democratic Whip
Sen. John Barrasso, Republican Conference	Sen. Patty Murray, Assistant Democratic Leader

The Twelve Appropriations Bills

Each year, the Appropriations Committees for the House of Representatives and Senate set allocations to divide the federal government's discretionary spending among 12 different subcommittees each of which deals with a different part of the federal budget. Each subcommittee proposes a bill with the goal of getting that bill passed by the House and Senate and signed by the President in order to become law. The budget process includes 12 individual bills which match the 12 different subcommittees. Oftentimes, the

12 bills are combined into one legislative vehicle called an "omnibus bill." A "minibus bill" is when only a couple of few of the individual appropriations bills are combined into one legislative vehicle.

On September 21, 2019, the President signed "minibus one." This action provided funding for Energy & Water Development; Military Branch & Veterans Affairs, and the Legislative Branch. "Minibus two," which provided funding for Defense, Labor, Health & Human Services, and Education, was signed into law by the President on September 28th.

"Minibus two" also contained a continuing resolution (CR) through December 7, 2018 for remaining seven appropriations bills. A CR generally continues the pre-existing appropriations at the same levels as the previous fiscal year (or with negligible modifications) for a specific period of time. This CR was later extended for an additional two-week period ending December 21, 2018. On December 19, 2018, the Senate passed a seven-week CR that would have expired on February 8, 2019, but the House of Representatives amended this bill to include nearly \$5.7 billion for construction of a border wall. The amendment was not expected to pass the Senate and it was not taken up before the end of the Republican controlled 115th Congress.

Because no appropriations legislation was enacted by midnight of Dec. 21, a partial government shutdown has resulted.

Shortly after the swearing-in of the 116th Congress on January 3, 2019, the House passed new appropriations bills under its new Democratic leadership. Those measures included an "omnibus appropriations bill" for six of the seven remaining appropriations bills for the duration of the 2018-19 fiscal year and a CR for Homeland Security to expire February 8, 2019.

The Senate has not announced plans to take up the House-passed measures and the President has said he would not sign an appropriations bill without funding for border wall construction. The table below explains the most recent action on a corresponding appropriations bill.

Impacts of the Shutdown on SCAG

While portions of the federal government have been shuttered since December 22, 2018, the impacts of the shutdown to SCAG have been minimal thus far. The longer the shutdown persists, however, the more disruptive it will be to the agency and our activities. Specifically:

- Projects that are currently in the Federal Transportation Improvement Program (FTIP) that are exempt (exempt projects are those that do not affect air quality conformity, such as road repavement, purchase of replacement buses, and bike lane construction) or are safety related will move forward as usual;
- Projects that are non-exempt that are currently in the FTIP may also proceed, however, if those projects are in the obligation process (the "obligation" process is when the project sponsor gets reimbursed by the federal government), that process will be halted until an appropriations bill or continuing resolution has been approved;
- Projects in pending FTIP Amendments and/or FTIP Administrative Modifications will not be approved until an appropriations bill or continuing resolution is approved. Work may proceed on a pending FTIP Amendment or FTIP Administrative Modification, but there will be no approval of a pending FTIP Amendment or FTIP Administrative Modification until an appropriations bill or continuing resolution is approved.

SCAG staff will continue to monitor the government shutdown and report on any progress concerning the federal appropriations process.

This item supports SCAG's Strategic Plan, Goal 2: Advance Southern California's policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

BACKGROUND:

Bill:AB 11Author:Assemblymember David Chiu (D-San Francisco)Title:Community Redevelopment Law of 2019Status:From printer. May be heard in committee January 3: 12/04/2018

AB 11 would authorize the creation of a new tax increment financing tool to fund infrastructure and affordable housing at the city and county level. The new agencies tasked with collecting the tax will be required to set aside thirty percent of funding for the creation, improvement, or rehabilitation of affordable housing. The bill also tasks the California Strategic Growth Council (SGC) with reviewing and approving an agency's plan for implementing tax increment financing.

Bill:AB 148Author:Assemblymember Sharon Quirk-Silva (D-Fullerton)Title:Regional transportation plans: sustainable communities strategyStatus:Read first time: 1/07/2019

AB 148 would require that a metropolitan planning organization (MPO) include in its sustainable communities strategy (SCS) identification of areas within the MPO's region sufficient to house an 8-year projection of the emergency shelter needs for the region. The bill also directs an MPO to take following actions for future updates to each SCS: 1) Identifying the region's progress in the development of housing and emergency shelters during the planning period and determining whether that development met the 8-year projection of the regional housing and emergency shelter needs for the regional housing and emergency shelter development for the new 8-year projection of the regional housing and emergency shelter development for the new 8-year projection of the regional housing and emergency shelter needs.

Bill:SB 50Author:Senator Scott Wiener (D-San Francisco)Title:Planning and zoning: housing development: equitable communities incentiveStatus:From printer. May be acted upon on or after January 3: 12/04/2018

SB 50 would require a city, county, or city and county to grant an equitable communities incentive to a development proponent who agrees to construct a residential development that is a job-rich housing project or a transit-rich housing project, as those terms are defined; the site for the proposed residential development does not contain, or has not contained, housing occupied by tenants or accommodations withdrawn from rent or lease in accordance with specified law within specified time periods; and the proposed residential development complies with additional requirements under existing law. The bill also requires that a residential development eligible for an equitable communities incentive receive waivers from maximum controls on density and automobile parking requirements. The bill also declares that the changes proposed address a matter of statewide concern rather than a municipal affair, and would therefore apply to all California cities, including charter cities.

EXECUTIVE SUMMARY:

This report includes a summary of SCAG's communications activities and use of social media platforms. These regular communications updates are designed to allow SCAG to audit progress and continuously adapt the agency's approach for optimal effectiveness.

STRATEGIC PLAN:

This item supports SCAG's Strategic Plan, Goal 2: Advance Southern California's policy interests and planning priorities through regional, statewide, and national engagement and advocacy; and Goal 6: Deploy strategic communications to further agency priorities and foster public understanding of long-range regional planning.

BACKGROUND:

One of SCAG's primary means of public communication is social media. SCAG maintains an active social media presence on Twitter (@SCAGnews) and Facebook (@scagmpo). These accounts are regularly updated to share agency announcements, upcoming event details and new developments in SCAG's plans and programs, as well as news and commentary about regional issues. The content posted to these accounts also functions as an accessible, cumulative record of our public activities and policy priorities.

<u>Followers:</u> 1,704 (Comparable to our peer organization in the Bay Area, the Metropolitan Transportation Commission, whose Facebook page has 2,188 followers)

<u>Trends over time</u>: Follower growth has been very gradual; because the Facebook platform in general has been seeing stagnant user growth, this is in keeping with the larger trend. The priority, rather than expanding follower count, has been to increase overall engagement, where we have seen success.

From the first half of fiscal year 2018 to the second, total number of clicks grew even as reach dipped. This represents a significant jump in engagement rate, from 5% to over 9%.

The six-county region of Southern California (excluding San Diego) has fallen about 600,000 homes short of demand in the last ten years, and population is projected to grow by 4 million in the next couple of decades. SCAG's long-range transportation and land use plans envision a future in which people live closer to jobs, schools and entertainment, and can walk, bike and take public transit more often. Communities like Centennial do still have a role to play, though: "There will not be enough land and not enough cities around to accommodate more than half of the growth within transit-quality areas," said SCAG Executive Director Hasan Ikhrata. As SCAG ramps up the development process for Connect SoCal, social media platforms will become particularly essential tools. More directly public-facing than other SCAG-owned channels such as

email newsletters and web hosting, social media is a great facilitator for getting broad engagement and targeting specific communities.

The agency's presence on social media is steadily growing, and staff has continued to implement metric monitoring and strategic content development to increase traffic and rates of engagement.

EXECUTIVE SUMMARY:

This report includes draft guidelines for new member orientations to ensure that each new and prospective Regional Council (RC) and Policy Committee (PC) Member is successful at SCAG by equipping him/her with important information about the agency and about their roles and responsibilities as an RC or PC Member. It will also serve to build a working relationship among RC and PC Members that supports SCAG's Strategic Plan.

STRATEGIC PLAN:

This item supports SCAG's Strategic Plan, Goal 2: Advance Southern California's policy interests and planning priorities through regional, statewide, and national engagement and advocacy; Goal 4: Provide innovative information and value-added services to enhance member agencies' planning and operations and promote regional collaboration; and Goal 6: Deploy strategic communications to further agency priorities and foster public understanding of long-range regional planning.

BACKGROUND:

Regional Leadership, through SCAG's Regional Council and Policy Committees, is an essential component in articulating positions on critical issues. Based on past practice, the attached documents outline a better methodology of engagement and orientation procedures.

MEMBERSHIP AND BOARD ORIENTATION GUIDELINES

INTRODUCTION

In an effort to provide new and prospective Regional Council (RC) Members and Policy Committee Members with the tools to contribute fully, and as early in their tenure as possible, to the governing work of the board, the Southern California Association of Governments (SCAG) has considered the following goals and guidelines for a board orientation.

GOALS AND OBJECTIVES:

Regional Council Members and Policy Committee Members should:

- Understand their roles, responsibilities, and time commitment to governance work around the Regional Council, Policy Committees, and/or other related SCAG activities;
- > Understand current goals, opportunities, and challenges facing the organization;
- Be familiar with the organization's main stakeholders, including members cities, partners, the public, as well as staff;
- Apply own background, knowledge, experience, and skills that may contribute to the current work of the agency and the goals of the organization;
- Be familiar with how board meetings are run, how decisions are made, and what formal governing policies and practices exist;
- Understand board and policy functions;
- > Be familiar with SCAG's adopted Bylaws and Regional Council Policy Manual;
- > Understand legal responsibilities, code of ethics, and internal/external communications;
- Understand and disseminate SCAG planning, programs, and activities with their own constituencies; and
- > Understand that policies of regional benefit may impact their local community differently.

NEW MEMBER ORIENTATION and SCAG BRIEFING MEETINGS

The Clerk of the Board will notify staff after election results and begin the steps for a thorough orientation by:

- Clerk of the Board will contact newly elected and will engage Regional Services to begin onboarding procedures;
- Provide new members with a board manual;
- Organize a special orientation workshop session;
- Meeting with Board Chair;
- Meeting with Executive Director; and
- Tour of facilities and offices.

RESPONSIBILITIES FOR BOARD ORIENTATION

Board President

- > Letter of invitation to orientation meeting for new board and policy members; and
- Lead portion of the orientation on the board's role, decision-making, committees, boardstaff and staff-to board communication, and public policy advocacy and ambassadorship.

Executive Director

- Responsible for familiarizing new board members with SCAG's plans, programs, policies and procedures; summarizing programs and services, staff roles, financial management and budgeting process, core policies, as well as facilities and office locations; and
- ➤□ Maintain communication between the SCAG President and the Executive Director and facilitate collaboration among SCAG Officers, SCAG Executive staff, SCAG staff and SCAG consultants.

Current and Former Board Members

 \succ Identify volunteers to serve as mentors and start peer-to peer communications.

Regional Services:

- Conduct, schedule, and organize special briefing meetings and workshops;
- ➤□ Maintain regular communications;
- > Provide technical assistance, materials, and communication resources as available;
- ➢□ Work with Clerk of the Board to maintain listing of RC and Subregional Representative Positions and as appropriate with CRM updates;
- ➢□Prepare RC and Policy Members with SCAG speaking points from SCAG approved communications; and
- ➤□ Serve as a facilitator with SCAG RC and Policy Member, SCAG Members, SCAG partner agencies, and the general public.

Clerk of the Board

Maintain records, process any compliance documentation (FPPC), and oversee reimbursements, travel, and external communications.

INFORMATION NEEDS OF NEW BOARD MEMBERS

New information materials will be disseminated through the orientation process. Regional Affairs Officers (RAOs) will maintain a list like the one below and decide on what documents new RC and Policy members should be exposed to and at what point in the process. A list similar to this, with a section for up-to-date governance policies, will constitute the contents of a comprehensive board members' manual.

TOPICS TO BE COVERED IN BOARD ORIENTATION WORKSHOP

- 1. Mission, values, history and distinguishing features of the organization and reputational advantages.
- $2.\square$ Overview of key stakeholders and relationships to them.
- 3. Strategic priorities or plans, goals and current challenges.
- 4. Board decision procedures, board culture, board committees and board-staff communications. The representational duties should also be reviewed.
- 5. Summary of programs and services, planning objectives as they relate to Connect SoCal (RTP/SCS).
- 6. By-laws and other policies and procedures in place; review practices.
- 7. Testimonials from current and former members.

EVALUATION

The last stage of orientation is assessing the effectiveness of the orientation process itself. Approximately 8-12 weeks after new members have completed the orientation program, the assigned Regional Affairs Officer should follow up with new directors and possibly their mentors to get feedback on what worked well and to gather suggestions for improvement. This can be assessed yearly on the following matrix using a rating scale from 1 to 10 where 1 =poor; 5=satisfactory and 10=Outstanding.

SCAG MEMBERSHIP FACT SHEET

YOUR PARTICIPATION AFFECTS 19 MILLION PEOPLE

25% of local roads will be in *failed condition* in 2022 under current funding.

More than **60%** of very low-income families **spend over half of their income** on housing.

Median household income is 50% higher in the Bay Area than it is in Southern California.

The Southern California Association of Governments (SCAG) was formed on October 28, 1965, when local elected officials from 56 cities and five counties convened to being regional planning for Southern California's future. Over the past five decades, SCAG has grown to become the largest council of government in the nation, functioning as the federally designated metropolitan planning organization (MPO) for six counties (Imperial, Los Angeles, Orange, Riverside, San Bernardino and Ventura), covering a land mass of over 38,600 square miles and 19 million people.

SCAG undertakes a variety of planning and policy initiatives to encourage a more sustainable Southern California now and in the future. Although 191 cities are situated within SCAG's borders, their individual boundaries provide no barrier to the issues and problems associated with such a large metropolitan area. Air pollution and traffic congestion know no borders and resources shared by all are stressed and depleted by the needs and demands of a steadily expanding population. Since no single local jurisdiction can effectively address our issues alone, a regional forum that fosters collaboration and cooperation is the logical solution.

A Regional Voice

The 86 members of SCAG's Regional Council have the key responsibility of representing the Southern California region on issues such as transportation investments, growth strategies and the allocation of future housing needs. As a forum for local leaders to discuss common problems and develop solutions to shared regional challenges, SCAG facilitates and encourages coordination and cooperation among multiple levels of government for the benefit of all. SCAG members are guaranteed a seat at a table where solutions to regional problems are formulated and adopted.

BENEFITS OF SCAG MEMBERSHIP

<u>A Unique Regional Forum</u> – One of SCAG's roles is to facilitate a forum to develop and foster the realization of regional plans that improve the quality of life for the region. SCAG helps bring to fruition many regionally significant projects and programs while serving as a place to introduce, test and nurture new ideas for the long-term benefit of the region.

- The *Regional Transportation Plan/Sustainable Communities Strategy* (RTP/SCS) is a long-range visioning plan that balances future mobility and housing needs with economic, environmental and public health goals. Containing over 4,000 transportation projects, the RTP/SCS embodies a collective vision for the region's future and is developed with input from local governments, county transportation commissions (CTCs), tribal governments, non-profit organizations, businesses and local stakeholders.

- The Southern California Economic Summit brings together state and local elected officials, public and private sector CEOs, business and labor leaders, stakeholder agency representatives and city managers to look at ways in which we can build a stronger, more prosperous and sustainable Southern California. This annual event includes an assessment of the region's economy and discussions related to economic issues facing the region.
- The Regional Housing Needs Assessment (RHNA) is mandated by State Housing Law as part of the periodic process of updating local housing elements of the General Plan. The RHNA quantifies the need for housing within each jurisdiction during specified planning periods. Communities use the RHNA in land use planning, prioritizing local resource allocation, and in deciding how to address identified existing and future housing needs resulting from population, employment and household growth.
- Go Human is a community outreach and advertising campaign with the goals of reducing traffic collisions in Southern California and encouraging people to walk and bike more. SCAG hopes to create safer and healthier cities through education, advocacy, information sharing and events that help residents re-envision their neighborhoods.
- SCAG's Earthquake Preparedness Initiative, in partnership with the Dr. Lucy Jones Center for Science and Society, was launched to help local cities and counties protect Southern California communities and economies from the disruption that a major earthquake would cause. The initiative kicked off with a series of regional seminars that reviewed the risks of a major regional earthquake and the most effective approaches for preparation, including strengthening infrastructure and reviewing building safety codes.

<u>Advocacy</u> – Over the years, SCAG has been at the forefront of advocating for the region's fair share of federal and state funding for plans and programs and has been instrumental in delivering billions of dollars to the region, harnessing the power of the agency's membership—together as one region with one voice—to promote the region's interests. As part of the agency's advocacy efforts, annual legislative and advocacy trips are organized to both Washington, DC and Sacramento.

<u>Assistance in Achieving Local Objectives</u> – SCAG grant programs help provide local cities and counties with the resources they need to build a sustainable future for their communities. Members can also get help in finding and securing grant funding from federal and state agencies for local projects.

<u>Tools, Data & Training</u> – As a member-driven organization, SCAG prides itself on meeting the needs and requests of its membership. SCAG's Data Services Program was initiated and organized starting in the late 1980s with the goal of being the preeminent source of data and information for the Southern California region. Whether it is customized city profiles of economic and demographic data, free GIS training, data sharing or mapping assistance, SCAG aims to provide members with the tools, data and training they need to plan more effectively for the future.

<u>Conferences and Events</u> – Members have access to outside events sponsored by SCAG, as well as the ability to attend conferences and summits of regional significance hosted by SCAG such as the Regional Conference & General Assembly and Southern California Economic Summit.

BE AN ADVOCATE FOR THE REGION

Being a representative of SCAG provides members with direct opportunities to not only analyze and recommend policy positions, but define the issues shaping Southern California's future. If you're interested in guiding new policies that will impact millions of residents and future generations, then consider becoming a representative:

<u>General Assembly</u> – When a jurisdiction joins SCAG, a new seat is created on the SCAG General Assembly. Representatives to the General Assembly meet annually to elect officers, adopt SCAG's annual Overall Work Program and approve the study of specific problems, programs and other matters of concern for the region.

<u>Regional Council</u> – SCAG's 86-member governing board, known as the Regional Council, meets monthly to guide the agency's ongoing policy direction. Not all members automatically have a seat on the Regional Council, but all members have the opportunity of being chosen represent their Regional Council district by fellow district members.

<u>Policy Committees and Task Forces</u> – All elected officials from member jurisdictions, whether or not they serve on the Regional Council, are encouraged to seek appointment to one of SCAG's policy committees (Transportation Committee; Community, Economic and Human Development Committee; or Energy and Environment Committee), which meet monthly on the same day as the Regional Council. Elected officials can also participate on task forces or working groups, which meet at varying intervals.
