To:Cecilia Pulido <cpulido@scag.ca.gov>

Dear members of the Transportation Committee (TC),

Thank you for your participation in today's TC meeting. Please note that PowerPoint Presentation for **Agenda Item No. 8 - The Federal Aviation Administration and Advanced Air Mobility**, has been posted on the website.

The PowerPoint Presentation may now be accessed through the current agendas page: <https://scag.ca.gov/current-agendas> or through the direct link here: [PowerPoint Presentation for Agenda Item No. 8 - The Federal Aviation Administration and Advanced Air Mobility](#)

Additionally, please find more information about upcoming events from the FAA:

- **The AAM Community Engagement webinar the AA mentioned is on April 17th at 11:00 a.m.**, and can be found at the FAA YouTube channel <https://www.youtube.com/watch?v=1sfVuJIPQoY>. The FAA definitely encourages interested SCAG TC members and jurisdictions to tune in.
- **The website for FAA's Advanced Aviation Advisory Committee (AAAC) at the link below.** The FAA AAAC provides recommendations for both drones and AAM. The next FAA AAAC meeting is scheduled for June 11th, time TBD. The formal announcement of the AAAC and other committee meetings can be found at the <https://www.federalregister.gov/> at least 15 days in advance of the public meeting. https://www.faa.gov/uas/programs_partnerships/advanced_aviation_advisory_committee.

Also, the FAA Western-Pacific Region office will keep us/SCAG updated on any opportunities for SCAG to engage with the FAA on Advanced Air Mobility. The FAA is always here as a resource for the SCAG members.

Best,
Cecilia

Cecilia Pulido

Deputy Clerk of the Board
